

God and the Little Child

Modern research into the religious potential of small children has demonstrated that children between the ages of three to six are particularly open to the presence of God in their lives. It is at this young age, they are most capable of falling in love with God and of knowing that God loves them unconditionally and protectively. As Church, we are called to satisfy the religious hunger of even our youngest members.

The program which most completely acknowledges and addresses the spiritual needs of small children is called the Catechesis of the Good Shepherd. This is a Montessori based religious formation program which was developed specifically with the needs of three to six year olds in mind. As you might imagine, special training is required to learn the methods of this program. If you think God might be calling you to assist in this new and rewarding ministry, please contact Cheryl Brooten at 206 242-4575 ext. 24 or via email at cbrooten@hotmail.com.
