TUTORING, ORGANIZATIONAL HELP, AND STUDY SKILLS DEVELOPMENT

Summer break is just around the corner, and class will soon be over, but it is imperative not to fall behind in those crucial math, Spanish, and reading skills. I'm a tutor with nine years of experience working with first graders to seniors in college. Throughout the summer I will be offering individual and small group tutoring at the Burien library. I have attended St. Francis' meeting regarding summer reading expectations and have spoken with math and writing teachers at various grade levels to find out their expectations. I also work with students to develop study skills, test taking strategies, and note taking skill. For information on availability and rates, please e-mail me, Annemarie Poginy, at apoginy@gmail.com or call (206) 351-8124.

TUTOR AVAILABLE FOR SUMMER

Former student, Stacey Thomas is available for summer tutoring. She has a degree in teaching and can be reached at 206-795-4127 or staceylthomas08@gmail.com.
